* 10% of all profits on PINK merchandise purchased between August 18th and October 31st will go to help the Breast Cancer Research Foundation. This foundation is a cure-driven, non-profit in which over 90% of the money raised goes directly into research. For more information on our chosen cause, please visit <https://www.bcrf.org/>

Fully Involved Leatherworks Handmade Fire Helmet Chin Strap are made with strong and durable leather that still has a supple feel. Our products are made to last, and will ride with you through many years; if not your entire firefighter career. All of our products are handmade 9+ oz. saddle grade American leather, well above industry standard. Our heavy duty hardware will stand the test of time as well.

Description-

- Top quality 9+ oz. leather
- Stitched Edges
- 5/8" wide strap
- 29" total length
- NFPA approved postman slide buckle for quick tightening and loosening of your helmet
- Oversized Side squeeze connection buckle for quick helmet release with a gloved hand
- Add trial size Loc-Tite to screws to ensure they wont back out

Helmet Options-

- Attaches to N6A, N5A, Phoenix TL2 with no hardware attachments.
- Can attach to other helmet options with removal of a screw and installation of adapter.

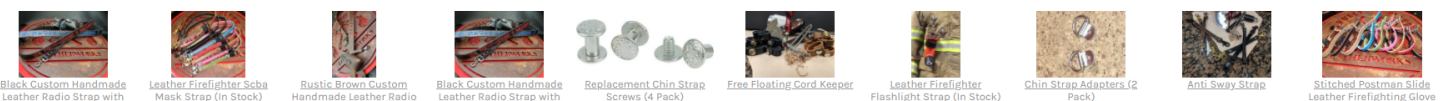

In Stock products usually ship within 3 business days.

Post Fire Decontamination Recommendations

All of our leather products are sealed to prevent the absorption of large contaminants and particulates. If your equipment enters the IDLH we recommend washing off the large particulates with copious amounts of water and a soft bristle brush. For a more in depth decontamination use a mild detergent (Joy, Dawn, or car soap) along with water and a soft bristle brush. Once clean let air dry out of direct sunlight. Our equipment should not be placed in an extractor or dryer. These recommendations are based off of UL Contamination of firefighter personal protective equipment and skin and the effectiveness of decontamination procedures. The study may be found at https://ulfirefightersafety.org/docs/FentEIAI_JOEH2017.pdf

ABOUT US

Firefighter owned and operated, we have been in business since 2013 and produced over 30,000 radio straps, chin straps, glove straps and other pieces. While we may not have been on the block the longest, what has made our business is our attention to detail, quality products, and customer service. Can you find anyone else out there that will back their radio cases for life?
