**Low-profile:** Thin 3/8" sole pad keeps shoes close to floor.

**Non-tracking:** Open-mesh minimizes tracking and double-work.

**One-size fits all. No right / no left:** Fits men's and women's shoe sizes.

**Easy On / Easy Off:** Elastic strap design makes pulling Paws on and off quick and easy, yet holds soles firmly and comfortably in place.

Slips and falls on the same level are the second leading cause of all workplace injuries, with compensation and medical costs approximately \$70 billion per year, accounting for almost 30% of all workers comp claims.

Provide yourself and your employees with appropriate footwear while stripping floors: PAWS.
