Solutions

Delivering solutions for Mailers and Shippers is what we are all about!

See what clients are saying about our products and services

[\(/Products/ClientTestimonials\)](#)

Window Book has enabled over 9,997 companies to produce over \$39.5 billion dollars in postage statements and hundreds of millions of dollars in increased profits by using our software since 1988.

Seamless Acceptance Solutions Suite

[\(/Products/Seamless-Acceptance-Solutions-Suite\)](#)

Seamless Acceptance does not have to be a scary thing. There are many benefits for mailers, such as better control over mailing dates, acceptance times, and more consistency in mail acceptance across multiple mailing locations. Window Book has a complete suite of solutions to help you implement Seamless Acceptance in your mailing operation.

Sign up today for a detailed analysis to show you how our Seamless Suite can put your Seamless Acceptance fears at rest.

(/Products/Advanced-Workflow-Automation-Manager#cta)

wbSCAN™

(/Products/wbSCAN)

wbSCAN

wbSCAN is a new browser-based application that gets installed on your DATMAIL server (static IP address required). It's a light-weight web server that interacts with your DAT-MAIL data in real time. wbSCAN supports a variety of popular handheld, table, and desktop devices making it easy for people to use right on their shop floor!

[\(/Products/wbSCAN#cta\)](/Products/wbSCAN#cta)

YourScore™

[\(/Products/Scorecard\)](/Products/Scorecard)

YourScore is a unique service, designed and delivered exclusively by Window Book for the mailing industry. YourScore eliminates the painstaking process of logging into the USPS® Business Customer Gateway (BCG) to review your Mailer Scorecard. It also does away with the need to remember to go to the BCG in the first place. YourScore is a simple, but elegant, service that automatically emails YOUR scorecard data to YOU every morning as soon as the USPS updates it. Not only do you receive a color-coded alert to tell you immediately if you have warnings, errors or a clean bill of health, but just click on a link in the email to access a veritable gold mine of actionable data.

[Test drive YourScore \(/Lp/Scorecard\)](/Lp/Scorecard) for 30 days to see how easy monitoring your Mailer Scorecard can be – every day! Enter Promo Code **FREE30DAYS** to start your free, no obligation trial.

PostalWeb Connector[™] (formerly known as MailDrop Engine[™])

(/Products/PW-Connector)

Part of our PostalWeb end-to-end *PostalOne!*[®] transaction automation solution!

Includes complete USPS MDR Client[™] (MDR Client) hosting which allows for much faster submissions to *PostalOne!*
Automatically updates USPS MDR Client software – set it and forget it!

Ability to process/upload multiple Mail.dat[®] files simultaneously, and for one or multiple MDR Client sites -PROD, PREPROD, CAT and TEM.

Stages and queues Mail.dat file submissions in the proper sequence AND for optimal upload performance.

Provides for quick, easy database cleanup

[Details \(/Products/PW-Connector\)](#) | [Demo \(/Lp/Demo/PWC\)](#) | [Pricing \(/Lp/Pricing/PWC\)](#) | [Free Consult \(/Lp/Consult/PWC\)](#).

PostalWeb Desktop Dashboard™

(formerly known as eDM10X™)

[\(/Products/PW-Desktop-Dashboard\)](#)

Part of our PostalWeb end-to-end *PostalOne!* transaction automation solution!

New, modern user interface to monitor *PostalOne!* job submission statuses

Color coded to instantly know where your jobs are in the process

Easy to understand translations of cryptic *PostalOne!* error logs

Quickly identify and fix *PostalOne!* validation errors, even if you are not a Mail.dat[®] expert!

Easily re-submit files that have been corrected

Automatically notify staff of MDR upload errors or successes via email/text messages

[Details \(/Products/PW-Desktop-Dashboard\)](#) | [Demo \(/Lp/Demo/PDD\)](#) | [Pricing \(/Lp/Pricing/PDD\)](#) | [Free Consult \(/Lp/Consult/PDD\)](#)

[\(/Products/PW-Desktop-Dashboard#cta\)](#)

Logistics/Distribution Optimization

[\(/Products/Distribution-Optimization\)](#)

Logistics/Distribution Optimization

Our distribution optimization tools range from requesting Less-Than-Truckload (LTL) drop shipping quotes right from the DAT-MAIL software, to enhanced connectivity to logistics consolidators for co-palletization and full truckload drop shipping. Plus wbSCAN™ – a web-based scanning application that is quickly/easily installed on your DAT-MAIL server and supports a variety of popular handheld tablet and desktop devices for real-time barcode scanning on your shop floor.

(/Products/Distribution-Optimization#cta)

DAT-PreCheck

(/Products/DAT-PreCheck)

DAT-PreCheck displays and validates the Mailer Identification numbers (MIDs) and Customer Registration Identification numbers (CRIDs) of the Mail Owners and Mail Service Providers identified in a Mail.dat® file. Additionally, DAT-PreCheck validates the Nonprofit Authorization Numbers (NPAs) for any mailing claiming nonprofit pricing. It also provides information outlining the Service Type Identifiers (STIDs) populated in the Mail.dat file. The newest addition to this great validation tool is the ability to validate the Labeling List file dates that were used during the presort process.

The beauty of all this is that it can be done very quickly – allowing you to save valuable time and money. And the best part is that you get the ability to validate this information **before** you submit Mail.dat files to *PostalOne!*®.

[Details \(/Products/DAT-PreCheck\)](#) | [Demo \(/Lp/Demo/DAT-PreCheck\)](#) | [Pricing \(/Lp/Pricing/DAT-PreCheck\)](#) | [Free Consult \(/Lp/Consult/DAT-PreCheck\)](#).

(/Services/Mail-Optimization-Analysis)

DAT-MAIL™ Whittier Tagger

(/Products/DAT-MAIL-and-Whittier-Tagger)

DAT-MAIL™'s Tagger Interface makes it very easy for the Tagger to use Mail.dat® files. When a Mail.dat® file is imported by DAT-MAIL™ it can even automatically be sent to a folder that is shared with the Tagger. Future features are planned for the DAT-MAIL™ / Tagger interface to enable additional changes to eDocs right from the shop floor! There is a saying that sometimes “The whole is greater than the sum of the parts”. With the new DAT-MAIL™ Tagger Interface, this can now be said of using DAT-MAIL™ with a Tagger.

[Details \(/Products/DAT-MAIL-and-Whittier-Tagger\)](#) | [Demo \(/Lp/Demo/DMW\)](#) | [Pricing \(/Lp/Pricing/DMW\)](#) | [Free Consult \(/Lp/Consult/DMW\)](#)

[\(/Products/DAT-MAIL-and-Whittier-Tagger#cta\)](#)

Enterprise Shipper is Window Book's easy to use and economic package shipping system. It combines the best of traditional client/server and web-based architecture to provide:

- local storage of your shipping data
- a responsive and intuitive user interface
- fast label generation
- cloud based delivery tracking and notification
