GENERATING GLOBAL HEALTH CONVERSATIONS

I'll Pay It Forward - Why Now?

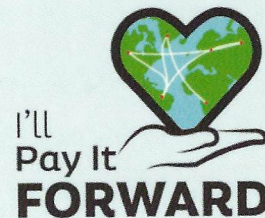

With the global pandemic of COVID-19 upon us, many members of our community suffering from a terminal, chronic or rare disease are experiencing:

Loss of income and insurance coverage leading to unrecoverable financial devastation

Postponed or cancelled hospital/medical treatments

Raised anxiety, stress levels and isolation leading to increased depression and suicide

Nutritional neglect from the lack of food

Paying It Forward Is EASY!
