

Track progress from anywhere. Only pay for completed work.

Punch List is a mobile app that makes it easy to complete successful remodels with your contractor.

Focus on Every Detail

Rest easy at night knowing you are fully informed. Move the project forward with streamlined communication, approvals as work occurs, and increased transparency for change orders.

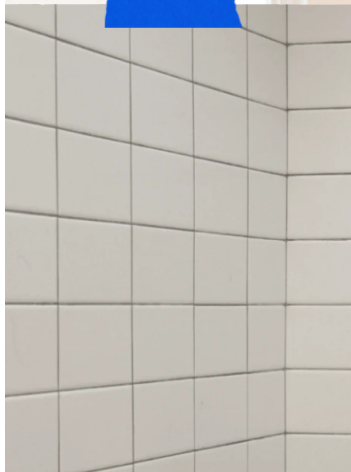

Pay for Performance

Send payment as work is completed with just a few taps - we'll cover the bank transfer fees. No more late night wires or wondering if the check got lost in the mail.

Take Pride in Great Results

Get the remodel you've been dreaming of, and build relationships for future projects.

“Punch List has been a really exciting part of my recent remodel. This is my 4th remodel and it makes the process so much less stressful! My project's schedule is easy to access and it even allows my contractor to ask me questions and share photos, so I know exactly what he's talking about. It's easy to collaborate around change orders and weekly plans. No more texts and emails without context around the entire plan.

In addition, while paying bills isn't my favorite part of any

remodel, the app certainly makes it easy, with no checks or wires needed."

Keri Brooke San Francisco, California

How It Works

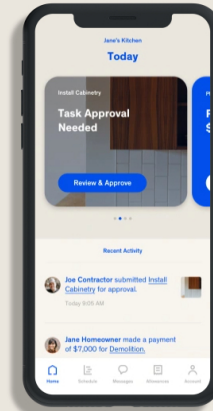

Approve Work in Real-Time

Keep your project moving by approving work or asking for more information. If there's nothing to approve, you can rest easy knowing that your contractor has all the info they need.

Communicate from Anywhere

Manage Change Orders & Track Allowances

Pay Invoices with Confidence

As of 2018, nearly 70% of American homeowners believe the costs of hiring a contractor are well worth avoiding having to do home renovations themselves.
