We're convinced that TrueAddress can help you clean up the address records in your databases and mailing list files, but don't take our word for it. See for yourself, using a test file of your choosing.

If you'd like to send us a sample address file, we will process it for you, free of charge, to show you the actual results you will see using TrueAddress. We'll even process address records that you have been unable to code using other solutions!

There are two ways for you to submit your test file:

- Simply attach your zipped (compressed) address file to an email addressed to TrueAddress@windowbook.com (mailto:TrueAddress@windowbook.com) with the subject line "Process My Test File." Please make sure to include your contact information in the email text.
- For larger size files, [CLICK HERE \(https://www2.sendthisfile.com/sendthisfile/custom.jsp?sendthisfilecode=pJAaXXlr2aFqBK2UBJ6vJm&&balance=22517\)](https://www2.sendthisfile.com/sendthisfile/custom.jsp?sendthisfilecode=pJAaXXlr2aFqBK2UBJ6vJm&&balance=22517) to transmit your zipped (compressed) address file via SendThisFile. Please make sure to include your contact information and request to process the test file in the Message area.

Once we receive your file, we'll run the file through TrueAddress. Within 2 to 3 business days after your submission, we will contact you to review the results and return your cleansed file to you.

See for yourself just how effective TrueAddress is. Look forward to hearing from you soon!
