Red Wine (Sangiovese)

Caponata

Caponata is a tasty appetizer traditionally served on pieces of sliced baguette bread. In Italy's finer restaurants, a tray of Caponata is presented to patrons as they are seated, similar to entering a Mexican restaurant and being served salsa and chips. Caponata is also excellent on sandwiches and a flavorful enhancement to any marinara sauce. This Fresh vegetable topping is delicious, Vegetarian Friendly, Gluten Free and contains only 5 calories per serving.
