

“ Not only is this farm beautiful, but it's packed with so many extras we couldn't find anywhere else. The glamping was a MASSIVE hit and the new farmhouse suites rival any boutique hotel. Sharon and her team were with us every step of the way and are true professionals. Everything was perfectly organized for us and they guided us through the day-of planning so seamlessly, we barely had to think (which is big when you're getting married). You really get a lot for your money here - the only downside is only doing it once! If you want to hear "best wedding ever!" all weekend, this is your spot.

# "The dreamboat of farm wedding venues."

It's truly the most unique and stunning venue I've ever seen. The owners, Sharon and Aldo, along with their awesome staff are nothing short of a dream to work with. They are constantly looking for ways to improve, and add things to make their venue even better than it already is. The drive they have to be the best at what they do is amazing, and it shows. Our guests could not stop saying how beautiful unique the venue was and how much fun they had. Book your wedding immediately! Their team is top notch, the venue is stunning, the entire experience feels like something out of a dream.
