Glen Eagle: America's Women-Owned Trading DeskSM

*Client Focused Trading*SM for large institutions, hedge funds, wealthy families, and private equity funds for over 30 years.

Glen Eagle's *Client Focused Trading*SM platform (CFTSM) provides its clients with the capabilities and benefits that few brokerage firms can offer.

Glen Eagle is unencumbered by worries of profiting from a trading book with inventories or generating banking business for investment banking departments.

Glen Eagle as an agency only trading desk has flexibility to negotiate and execute transactions with the street. Additionally, the *Client Focused Trading*SM platform places a high priority on confidentiality and this aids our efforts to help clients maintain anonymity in the marketplace.

- Access to electronic trading, algorithms, dark pools, and floor trading
- Competitive Margin Lending Rates
- Expertise in Restricted Stock sales.
- Anonymity: CFTSM viewed as a client in the street for sensitive or harder to trade orders
- Hedging expertise using options and ETFs
- International Trading using local brokers
