Features

- Machined aluminum alloy slide w/ injection molded polymer frame provides rugged reliability without sacrificing weight
- Officially licensed Salient Arms International trademarks the gun over
- Front and rear combat style sights with integrated forward fiber optic
- Machined anti-glare slide top, 2011 SAI Grip panels, ambidextrous safety
- Titanium nitride style SAI barrel and on-frame integrated accessory rail
- Powered by both Green gas or Co2 magazine by AW Custom / WE
- Deep engraving with real firearm weapon grade external finish, look, and feel
- The ultimate training weapon with superior performance, 1:1 scale functionality, and realistic blowback

Building upon the popularity and the success of the Salient Arms DS 2011 pistol as a go-to personal defense weapon that shoots like a competition gun. This high performance, rugged weapon system is precision machined from top to bottom. This is a weapon where form follows function; this weapon demonstrates an aesthetically pleasing display of precision and craftsmanship where each facet, each cut is made with the sole purpose of enhancing the shooting ergonomics of the pistol.

EMG has extended their collaboration with the Salient Arms and is proud to release the Salient Arms x EMG RED Hi-Capa collaboration Airsoft Training pistol. Manufactured with an eye to detail the EMG SAI RED Hi-Capa slide is CNC machined from aluminum alloy with an injection molded polymer frame. Additionally the pistol features all of the trademarks of a Salient Arms pistol, including: a titanium nitride style barrel, competition style sights with fiber optic front insert, ambidextrous safety and, of course, stamped Salient Arms International rollmarks. Utilizing the Tokyo Marui 1911 gas system, the Salient Arms / EMG RED Hi-Capa pistol can be upgraded from a wide pool of available parts and components, ensuring easy repair and maintenance and years of reliable service.

About EMG

The EMG vision is to manufacture products the world has never seen before; products we would put our name on, and products that hit the spot! "EMG" (Evike Manufacturing Group) was spawned from the realization that if you want something done exactly the way you want it, you need to do it yourself, and we did just that.

We took our 16 years of knowledge as the market's lead retailer, our network of 300+ superior manufacturers, to work with inspiring top innovators in the firearms industry. That combined with the vision to invest into the Airsoft industry, an industry we believe in, EMG was born.

About SAI - Salient Arms Intl

Salient Arms International (SAI) is dedicated to providing elite weaponry to customers who expect only the very best in both accuracy and performance. Whether they are military, law enforcement, civilian, or competition shooter, we will provide them with cutting edge products that they can rely on. SAI prides itself on applying an out-of-the-box approach to industry problem-solving. We identify and address a weapon's shortcomings and then strive to create an improved and completely unique platform. Our approach to aesthetic design follows a very similar course. SAI places performance at the forefront of all its designs and that emphasis on performance creates a truly remarkable and striking firearm for the end user. We at SAI believe that a weapon designed around performance instills confidence in its user. That confidence can mean the difference between success or failure, winning or losing, and even life or death.
