Home — Health Care Professionals — Education and Training

Physician. Occupational therapist. Advanced practice nurse. Name most any career path in the health sciences, and Rush University can take you there.

## 40+ Degree and Certificate Options in Health Sciences

More than 2,500 students are enrolled in Rush University's 40-plus degree and certificate programs in the health sciences. These programs are offered by four colleges:

- [Rush Medical College](#)
- [College of Nursing](#)
- [College of Health Sciences](#)
- [The Graduate College](#)

## Integration with the Medical Center Offers Advantages for Rush University Students

The University shares the Rush University Medical Center campus. Its professors and instructors are physicians and clinicians at the Medical Center. This integrated, practitioner-teacher model of education offers students key advantages:

- Experienced teachers:** Faculty practice what they teach in an environment fostering research. They are the thought leaders of their professions, grounded in experience.
- Real-world practice:** The hospital's inpatient units, clinics, outpatient centers and research facilities serve as students' learning labs. Book knowledge is translated to the bedside. Patient-focused, team-based care is constantly put into practice.

Rush University is located five minutes from downtown Chicago, with all the cultural, entertainment, social and recreational opportunities typical of a world-class city.

## Learn More About Rush University

Visit the [Rush University](#) website.

## Contact Rush University

Rush University  
600 S. Paulina St.  
Armour Academic Center  
Chicago, IL 60612
