### Fast Bookings

Make faster bookings on our one-stop digital platform. Get confirmed bookings in minutes, not days, and keep all your information online.

### Secured Space

Afraid of having your shipment rolled over? GreenX offers 100% secured space for your cargo. By booking directly with Evergreen Line through GreenX, your space is guaranteed.

### No Contract Needed

Save time negotiating contracts and making large commitments. GreenX gives you the freedom to make bookings without the need to commit to shipping a fixed amount of cargo each week, month, or year.

### All-in-One Access to Third-Party Logistics

GreenX offers an integrated network of third-party logistics services. While most providers focus exclusively on individual logistics services, our platform provides a holistic ecosystem with key services for your freight in a single workflow.

- Booking
- Customs
- Insurance
- Payment
- Financing
- Tracking
- Trucking
- Warehousing

### Powered by the BlueX Freight Commerce Platform

BlueX is a freightech platform that built the world's leading carrier booking platform and Freight Commerce Platform. By connecting buyers and sellers of freight, BlueX developed a neutral engine to make ocean shipping logistics seamless.

## Become an Early Adopter to Digitalized Shipping

Be part of the digitalization that is sweeping the shipping industry. From creating greater visibility across your shipping processes to gaining valuable metrics that can guide your decisions on how to efficiently ship freight, Evergreen Line's GreenX is your pathway to realizing your digital transformation.
