

Med Bed technology is no longer a dream!
Blu Room Enterprises, LLC introduces

BLU Pod™

BLU Pod™ Specifications:

- The octagon is 32 inches across the inside mirror steel walls (1/4 of the Blu Room size). The length is 86 inches.
- Same UVB lamps as in the Blu Room, located under the couch. Indirect illumination is diffused through reflection.
- Blue LEDs are along the length of the interior. Direct illumination on the couch.
- Music system and audio tone player (111 or 432Hz).
- Small ventilation fans inside along with the openings at each end (head and feet).
- Similar exterior controls as standard Blu Room unit: 3,6, 9 minutes UVB, 20-minute session timer.
