English Test - 75 questions

In the passages that follow, certain words and phrases are underlined and highlighted. In the questions that follow, you will find alternatives for the underlined and highlighted text. In most cases, you are to choose the one that best expresses the idea, makes the statement appropriate for standard written English, or is worded most consistently with the style and tone of the passage as a whole. If you think the original version is best, choose "NO CHANGE." In some cases, you will find a question about the underlined and highlighted text. You are to choose the best answer to the question.

You will also find questions about a section of the passage, or about the passage as a whole. These questions do not refer to an underlined and highlighted portion of the passage, but rather refer to a letter or letters, a number or numbers, or an asterisk within square brackets [].

For each question, choose the alternative you consider best and select your answer. Read each passage through once before you begin to answer the questions that accompany the passage. For many of the questions, you must read several sentences beyond the question to determine the answer. Be sure that you have read far enough ahead each time before you choose an alternative.
