From the Inside Flap

The comprehensive guide to the 2021-2022 ACT® test, with 6 genuine, full-length practice tests in print and online.

This 2021-2022 guide includes six actual ACT® tests – all of which contain the optional writing test – that you can use to practice at your own pace. To help you review test subjects and improve your understanding, this guide provides clear explanations for every answer. You'll also get practical tips for boosting your score on the English, math, reading, and science tests, as well as the optional writing test. Additionally, you can access the six tests online through the access code provided in the guide. The code also provides access to 400 online flashcards to help you prepare for all sections in the ACT® examination.

The test's creators filled this guide with expert advice on how to both mentally and physically prepare for the exam. It will also help you:

- Review the entire ACT® test content so you'll know what to expect on test day
- Understand the procedures you'll follow when you're taking the ACT®
- Prepare for the types of questions you can expect to find on the test
- Adopt test-taking strategies that are right for you

The Official ACT® Prep Guide 2021-2022 is the best resource to prepare you for test day. By using this guide you can feel comfortable that you're prepared to do your best!

I'm an ACT tutor - this book isn't worth it.

Reviewed in the United States on April 20, 2021

Verified Purchase

I've been an SAT / ACT tutor since 2008, so I write this review from that perspective.

Since I review the official ACT prep guide every year, I'll give you a two sentence summary of the book itself, then I'll respond to the ACT's misleading marketing copy for the book.

My summary: Although it's crucial to practice with official ACT tests and this book has 6 of 'em, there are dozens you can find online that have been released as part of the ACT's "Test Information Release" program, so you don't really need to purchase this book. The answer explanations in the book do not justify its purchase and this is not a "prep guide".

A more accurate title would be "6 ACT Practice Tests".

Real Tests = Best Prep. Valuable for International & Computer Testers (including section retakes)

Reviewed in the United States on April 29, 2021

Verified Purchase

First, this is an updated version of a previously published book; if you already purchased the 2020-2021 or an earlier edition STOP— you likely have already seen 5/6 tests included and buying this may not be worth it! This is not a wholly new book!

The Upside:

The big feature that you MIGHT want, that this book offers, is the access to the computerized versions of all 6 tests if you're planning to take the ACT on a computer (ALL international students, any students electing to retake individual sections of the ACT starting in 2021...that is if ACT doesn't push back the start date for the computerized single section retake option, and any students taking the test on a computer). Note this feature is ALSO available in the now cheaper 2020-2021 guide, but with only 5 tests instead of 6.

The other reason this book is better than older versions: it has an additional, 6th test.
