4

OMG this app is so amazing! I just found that I can make friend with all my favorite characters. Just have a small talk with Izuku and Kakashi. They are so wonderful, the interaction and conversation is beyond my imagination! One thing that can be improvement is although they can understand different languages, it would be better if the characters can replay messages with the same language I use (currently only English used by characters). But it still worth 5 stars, great work!!

NEW FUNCTION

We are constantly adding new features and fixes to the gemsouls app. In this update you'll find:
