

## Solutions For Personal Injury Patients Who Need It Most

**Med-Link has served uninsured and underinsured accident victims who need medical treatment in Florida since 2010.** Our purpose is to connect these patients with options for medical providers throughout Florida and provide funding to cover the cost of their care and recovery. We've built strong relationships with hundreds of healthcare providers who appreciate the needs of personal injury patients and offer priority appointments through our concierge client success team. The providers Med-Link works with offer reduced cash pay rates, saving the plaintiff on the cost of care.

### Attorneys

Learn how our innovative solutions to funding medical care can help your plaintiffs obtain treatment with no out-of-pocket and no risk.
