### Angel is Move Safe™ Certified

Angel uses the following tools, technology, and practices that help keep you safe during COVID-19:

-  Meets with clients virtually
-  Strengthens the digital presence of listed homes through photography, dedicated websites, video tours, 3D tours, aerial photography, floorplans, and virtual staging
-  Has implemented safety measures for showings including ensuring the house is clean for showings, arriving before the client to open all doors and windows, adhering to social distancing protocol, and limiting showings to vetted buyers
-  Uses an e-sign platform for disclosures, offers and counter offers, and closings
