

need

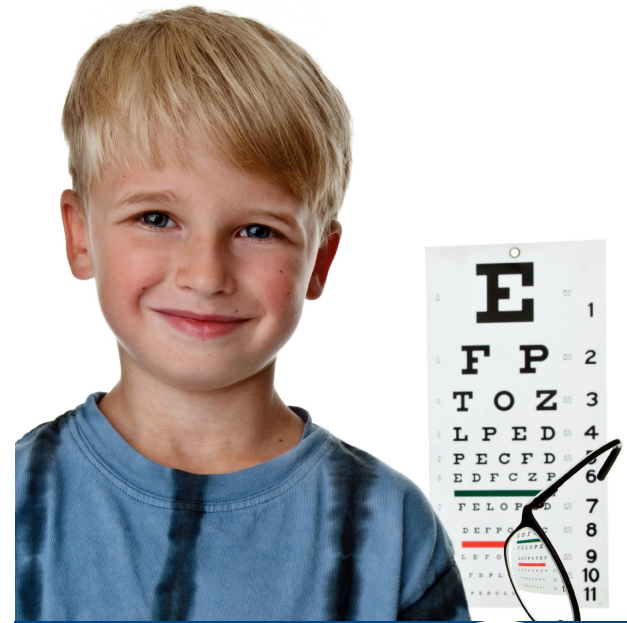

in
our community

Alarming statistics show approximately 42% of the population in Kern County have extremely limited access, or no access at all, to quality eye care.

If you or someone you know is in need of our services, please call our office for an appointment. There are grant and private donation funds available for help with surgery, eye exams, and glasses.

Our Mission

To offer high quality eyecare services to the underserved local population of Kern County

giving

back to our community in 2016

- 7,888 patients seen.
- 316 sight restoring surgeries performed.
- 2301 children from the Standard, Bakersfield City, Lamont, Arvin, Delano, Wasco, Shafter, Lost Hills, Greenfield, and Panama Buena Vista School Districts received free eye screenings and free eye glasses from a partnership with OneSight.

Kern 20/20

The Kern Community Vision Project, Kern 20/20, operated through ACE, is staffed by local ophthalmologists and optometrists who restore sight, manage eye disease, and prevent blindness for the uninsured and underinsured population of Kern.

Helping Others

ACE is one of the only places where children, adults, and seniors can go in Kern County to receive the eye care services they need.

ACE believes in providing eye care services and education to those in need, and to ensure that no one seeking help will ever be turned away.
