

## See it for Yourself!

To allow for a more intimate and authentic experience, our travel groups are small, from as few as 5 to a maximum of 18. And, traveling together with family and friends will make your experience unforgettable. If you have a group of 10 or more, contact Abby Travels for group rates.

As your personal guide, I, along with our Ghanaian-based travel aide, will be delighted to introduce you to a glimpse of West Africa. We will work hard to make your trip fun, safe, and trouble-free.

## Why Ghana?

For anyone interested in visiting the Motherland for the first time, returning in search of a refreshing alternative beyond safaris, or simply want to connect with their African roots, here's a golden opportunity to see it for yourself. Ghana stands out as a preferred tourist destination in West Africa because of its unique offering – a combination of natural beauty and scenery with a fascinating history and time-honored traditions in art and culture.
