---

men

**Edge**

The sleek and aerodynamic head changed the game between many athletes. Only one original. Patented offset design for dramatic control, stopping and a smoother release.

**X-Factor Glove**

Enhanced grip surface for superior ground stick control. Two-piece design with exclusive "Flex-Edge" design.

**Superlight Zephyr**

Proprietary patented increased strength and control. A solid design for highest strength-to-weight ratio.

**L33 Gel Glove**

The first glove to incorporate "gel" technology to improve impact absorption, reduce bulk and drastically increase comfort.

**Proton**

The lightest of all offset heads. Forward-Loaded "Coil" for superior control. Reinforced string reduces drag.

**Vortex**

Head pads featuring flexibility, freedom of use. Floating control cuff for full range of motion.

**Octane**

STX's offset offset head improved alignment, aerodynamic control, tapered spine designed for maximum stiffness and quick release.

**Catalyst**

The original head pads give Class 272 game control - lightweight, flexible, protective padding, matched cuff for full range of motion. Don't steady team.

women

women

**Netfinder**

Consistently balanced pocket shape. Narrow and long pocket for more accuracy and consistent stick.

**Echo**

The most precise stick in the women's game today. Reinforced control provides added stiffness. Designed for ultimate stick.

**Brine Cup**

The best stick made exclusively for women's lacrosse. Forward leaning head increases speed of stick.

**Checkmate**

The original open-vented women's stick. Class 272 exclusive patented design. Maximum 1.2" height for ultimate ball control. The best choice for ultimate ground ball control.

**Crease**
