Wattage: **50.0 Watts**

<b>50.0 Watts</b> <b>\$22.95</b>	65.0 \$24.99
-------------------------------------	-----------------

- These 400W Equivalent LED light bulbs have a Color temperature of 5000 kelvin, which produces a super bright white Color.
- These Super bright LED lamps make an energy-efficient replacement and substitute for traditional 350-400Watt halogen, CFL, Incandescent and Metal halide lamps.
- WIDE APPLICATIONS - Natural daylight glow 5000K makes it perfect for ceiling light fixtures, pendant fixtures, bare lamp sockets, ceiling fans, living room floor lamps, bedroom table lamps, dining room chandeliers, bathroom vanities, garage doors, basements, or office rooms.
- MONEY SAVING & ENERGY EFFICIENT - Our 5000K led light bulb is with high quality and bright led chips producing up to 5250 lm brightness. Saving over 86%-88% on the energy bill by replacing 350-400 watts with ONLY 50 WATTS. Long lifespan of 19 years (5 hrs/day) reduces the electrician maintenance cost.
- DURABLE AND RELIABLE - 3 Year Warranty | Super Bright | Energy Saving | Contains NO Mercury | Emits NO UV/IR Light | More Durable & Less Maintenance - Contractor / Electrician Preferred Lights. Greous provides 7\*24 hours Customer Service. Within the warranty, please feel free to contact us for a brand new bulbs as replacement as long as it's non-human quality problems.

**Product description**

Wattage: **50.0 Watts**

**300W-400W Equivalent LED super bright light bulbs 5000K****Specification:**

Model: LED bright white bulb  
 Voltage:AC 85V-265V  
 Wattage:50W  
 Light source: 2835 SMD  
 Brightness:5250lm  
 Bulb Life: 35,000 Hours  
 Color Temperature:5,000 Kelvin  
 Socket: E26  
 Light Color: Daylight White  
 Emitting Angle: 180 degrees  
 Item Dimension:Φ100xH180 mm  
 Warranty: 3 years

**WHY LED?**

Super bright led light bulb is energy saving, 10 times the traditional incandescent bulb, with higher light efficiency  
 Environmentally friendly, reducing carbon emissions  
 Longer lifespan compared to less-efficient incandescent bulb

**FEATURES:**

Equivalent to 350-400 Watt incandescent bulb, saving you up to \$100+ in energy costs per year  
 UV and mercury-free, protecting the environment

**What You Will Get:**

1 x Greous 50 Watt LED High bright white 5000K light bulb

**Vital tips:**

Please use this bulb in a normal circuit without explosion-proof system , otherwise it will flicker.  
 Please use this bulb in normal voltage range, too fluctuating voltage will also cause the bulb flicker and damage its lifespan.

**Question:** [This for a standard household light socket?](#)

**Answer:** Yes, it's for a standard household light socket, super bright for living room, kitchen, corridor etc. You can check the details from the picture or its description again and confirm whether it is what you need.  
Hope the information above is helpful to you.

**Question:** [Based on reviews, this needs a clean 15amp circuit to light as designed?](#)

**Answer:** That's NOT correct. The bulbs are several hundred watt "equivalents ". They only draw 65watts, or 85 watts per bulb, based on which model you choose. I currently have 6 inside the house, and the illumination is incredible. Just try to find a bulb or light fixture of any type that can deliver 6000 lumens, using only 85 ... [see more](#)

**Question:** [Is this led bulb dimmable?](#)

**Answer:** Dear Customer ,  
  
Thanks for your message, this bulb is not dimmable, but it's very bright, best for large area/space lighting such as garage, workshop, warehouse, shopping mall, balcony etc. If you are looking for 500W equivalent bright white bulbs, it will be a good choice. ... [see more](#)

★★★★★ Extremely Bright White Light

Reviewed in the United States on May 17, 2019

Wattage: 65.00 | Verified Purchase

If you need to illuminate a larger area, this may be the bulb for you. For a screw-in bulb, it is rather large - perhaps 6 inches tall with about an 8 inch diameter. So it may not fit where you want it to. If it does fit your application, it's a very good choice.

Wiggins

★★★★★ Lighting larger spaces, energy saving

Reviewed in the United States on March 28, 2019

Wattage: 65.00 | Verified Purchase

It's excellent for use in my garage, they do provide enough light to work. They have done a good job in replacing 2 x 58w 5" fluorescent strip lights, thus there should be also an energy cost saving. This bulb gives a much better working illumination.

★★★★★ Great Bulbs - Amazing Customer Service

Reviewed in the United States on June 9, 2019

Wattage: 65.00 | Verified Purchase

These bulbs have worked beautifully to illuminate a large garage space. Very impressive! Equally impressive is that when we had an issue with one of the bulbs we had ordered, a replacement bulb (plus an extra!) were sent out immediately. Great customer service! Highly recommend!!!

★★★★☆ If you're looking for a high powered strobe light, look no further!!

Reviewed in the United States on June 9, 2019

Wattage: 65.00 | Verified Purchase

[Ad feedback](#)

Performance is great, only had them installed for about 8 months, and it's a disco in the garage. Both lights started to flicker randomly after about 6 months, now they are both full blown strobe lights.

★★★★★ **Brightest bulb ever, as big as a grapefruit**

Reviewed in the United States on July 28, 2019

Wattage: 50.00 | **Verified Purchase**

It did NOT fit our porch light fixture as its to big for the glass and the metal but as it's so big it looks right we still put it in anyway. Holy smokes is this sucker bright! It's daylight bright! We can see all the way around the garden down to the street and then some! Definitely a good choice but be aware it's like a giant grapefruit in size!

★★★★★ **The light is very bright**

Reviewed in the United States on November 5, 2019

Wattage: 50.00 | **Verified Purchase**

Our bathroom is large, about 8 feet x 10 feet, and there is always a shaded area no matter what the lighting. But, wow. What impressed me was that I was now buying a smaller room for the utility room and the same size for the other connected bathroom. But beware, it will show a little dust and dirt, so you have to use this to improve the cleanliness of the bathroom. Impressed and bought more of the same things.

★★★★★ **Great for garage**

Reviewed in the United States on May 5, 2019

Wattage: 65.00 | **Verified Purchase**

This is a great light for a garage. Very bright and it spreads the light out evenly throughout my whole garage (2 car). This light plus the two bulbs on my garage door opener is a good amount of light for a two car garage in my opinion. Great price and performance just hope it lasts.

★★★★★ **Bright!!**

Reviewed in the United States on February 13, 2020

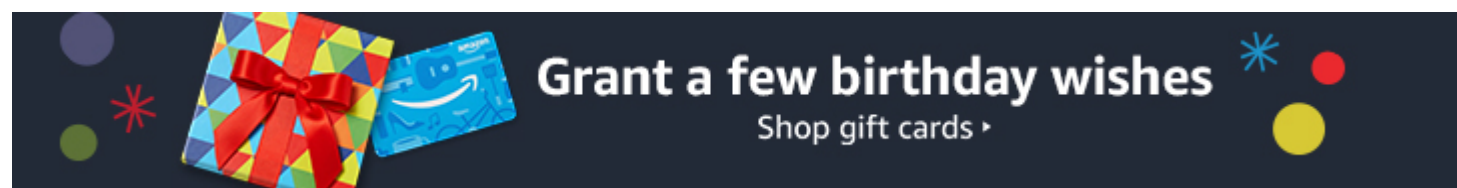

Wattage: 65.00 | **Verified Purchase**

I bought this bulb for my garage. I had a 100W bulb and two 4-ft twin bulb fluorescent fixtures. First one fluorescent fixture died, then the 2nd fluorescent fixture died and I started shopping for LED shop lights to replace them. I replaced the 100W standard bulb with this bulb and it is brighter than all 3 fixtures were combined. I will buy another of these for the other end of the garage and forget about replacing the 4ft fixtures.
