- ♥ Bathing artifacts ♥ The child's nature is playfulness and imitation, so that children are often addicted to play but don't want to take a shower. It also makes parents very headaches. A suitable toy will help the baby enter the bathing state with pleasure.
- ♥ Cute frog ♥ The product uses very cute cartoon animal elements, with green as the main color. Baby loves it very much. Cute toys will attract the attention of the baby, let the baby bathe with the cartoon, and have fun.
- ♥ Rich bubble ♥ Children like to play with bubbles. When taking a bath, the rich bubbles will be ejected from the frog's mouth, allowing the child to play bubbles while taking a bath, so that the bath becomes a fun for the children to forget.
- ♥ Music Surround ♥ Sweet music, surrounded by a lot of bubbles, surrounds the bathroom. Let the bathroom become a playground for children, so that parents are not bothered.
- ♥ Beautifully packaged ♥ It is very beautiful with a sea-blue gift wrap. Very suitable as a gift for children.

Sooo many bubbles

Reviewed in the United States on November 18, 2019

Great way to distract the kids in the tub, so that you can wash their hair. Lol I cannot believe how many bubbles the machine makes. The best way to make sure the suction cups stick is to dip the back of the frog where the suction cups are into the tub water, so that they are wet, and then place the frog on a flat wall. The instructions showed the frog closer to the tub water, but my boys love to watch the bubbles climb down the wall and into the tub, plus they are less likely to bump into it. It makes cute music or you can just use the bubble blower option. It's super cute and goes with our large frog toy holder.

Daughter loves it!

My daughter loves this bubble machine! Getting it to start can be a hassle. We have to pour bubble bath then water in once it's turned on and it does leak out from the dish on it when it's off. But it doesn't take very long to do to get it going.

My niece love it so much, it should produce a lot of bubbles! It's easy to use, just add soapy water and press the on button and it's even got some music. She likes to play this while taking a bath. If there are any other questions, I will update.

LASTED A WEEK

We really enjoyed this thing while it lasted. It worked really at producing bubbles and the speaker was a good volume and played recognizable fun tunes BUT ITS NOT WATER PROOF. My kid was splashing and the on/off button stopped working and then seconds later the whole thing stopped working. Don't know why they'd have a kids bath toy not water resistant.

Kind of annoying, but works

Reviewed in the United States on June 24, 2019

Works ok, except that the batteries run out super quickly (maybe after using it 10-15 times), and have to be replaced using a screwdriver. My screw heads are now totally stripped out from removing them so many times. It's also kind of finicky to get the soap container attached, and the bubble blowing part keeps falling off since it is just pushed in.

KIDS LOVE IT but It's just OK

Not very functional, middle piece motor keeps falling out. Volume is a little too loud with no way to lower it. BUT KIDS LOVE IT.
