It seems the free version is too limited. I'm not able to add a title page separately or separate text page in between or before or after the video slides. Most of the time, I don't want the

Video Editor for YouTube - Video.Guru – Apps on Google Play

text to be only on the photo. I like that I can add my own music to a video. The list of free music seems ver

Well I've done a test video on my device and started editing it, so 4 for now. I wish someone had warned me that you dont need to start the pro trial to unlock the basic features. Before then it just seemed like a glorified video player that I was about to delete but... it seems that once you get pa

I love this app, however I would like to suggest a couple of things to it. I would like more photo stickers on there and text images as well. For example: if we were to edit a fun video of dogs and we'd like to add a text image (maybe a cloud image) on what the dog's thinking. That would be super cu
