Unfortunately, all of us have been guilty at one time or another of not covering a sneeze or cough. And even if you did manage to cover, did you do so with your hand or your elbow? And what did you touch afterwards? **VIROSHIELD ESSENTIAL OIL BLEND** can be diffused aromatically to help cleanse the air. It can also be used topically with a carrier oil (see our parent company, MyOlea, for [carrier oil options](#)). By applying on the skin, including the chest, abdomen, wrists and the soles of your feet, it can be absorbed into the bloodstream.

Ingredients: Cinnomomum Zeylanicum (Cinnamon) Oil, Eugenia Caryophyllus (Clove) Flower Oil, Citrus Sinensis (Orange) Oil, Eucalyptus Globulus (Eucalyptus) Oil, Rosmarinus Officinalis (Rosemary) Oil, Citrus Limon (Lemon) Oil, Melaleuca Alternifolia (Tea Tree) Oil, Thymus Vulgaris (Thyme) Oil

Aromatic use: 10 drops of oil to 4oz. of water

Topical use: 1 drop of oil to every 1oz. of carrier oil

Caution: If you are pregnant, nursing, or under a doctor's care, consult your physician. Do not use if you have sensitive skin and avoid eye contact. Store in a cool dry place. Keep out of reach of children. For use on pets, consult your veterinarian.
