Great and well-made water sprinkler!

Reviewed in the United States on September 4, 2019

Great and well-made water sprinkler. I live in Texas; I have a decent-sized backyard, so this product has saved me time and energy. I don't have to drag the sprinkler from one side of the yard to the other. It covers my entire yard. And now I have just a few brown spots, rather than several, but I am located in hot Texas. I'll take it! Again, great product!

Great coverage. Great sprinkler. It is made out of plastic bit it is heavy duty feeling. It does have weights on the edges, so it makes it not move as easily

Solid lawn sprinkler

Reviewed in the United States on August 12, 2019

This is a great water sprinkler. I particularly like the fact it's weighted which not only gives it a solid feel but ensures it stays where its meant to on the lawn. The spray/ pressure covers just about all our lawn, especially with the angled nozzles. Very happy with this purchase.

Does a small or medium section of yard throughly. Easy to use and move from area to area. It will do a larger area but my yard is sectioned up.

Best sprinkler I have owned

Reviewed in the United States on October 22, 2019

I really like this sprinkler. It covers such a vast amount of territory and I had a lawn issue that required constantly watering a large area and this worked perfectly. I have two other sprinklers that are now going in the trash. This sprinkler is the answer and I highly recommend it.

Not worth the money should be \$8

Reviewed in the United States on April 2, 2020

Verified Purchase

Not worth the money- the questions that I was asked on the review has nothing to do with the over all functionality of this sprinkler— misty spray at random times. One spray level and direct. I got it against so many others && because my kids like to run in it an don't know how much I sit watching upset because I know other makers are better BECAUSE I've owned several makes me upset. My kids saved this company on a return! 4 out of 10 for me

The added weights on the underside ensure that it stays where you put it. The water was sprayed uniformly across my lawn. Nice product.
