Technology Repurpose & Reuse

From mobile phones to hard drives to full computer systems and even mp3 players, Vertolini helps give tech a new life. We specialize in bulk lots of salvage systems and seek to repurpose and reuse as much as possible in order to reduce e-waste and promote recycling.

If you have bulk material for salvage, contact Vertolini ([contact_form.php](#)) to discuss options

Business Strategy

Professional business consulting services from Vertolini include business management consulting, from high-level business strategy to operational improvements.

If you need a design solution!
