#### Perfection.

Reviewed in the United States on October 10, 2019

Size: 4M/157 Inch for Standard Crib Color: WHITE GRAY GREEN **Verified Purchase**

We were told that bumpers were not recommended for babies due to possible suffocation. After finding my daughters head pressed against the side of the crib I decided to find one.

PRICE: First things first, the price for this is absolutely worth it. Compared to other listings and other sites this is anywhere between \$20-\$60 less!

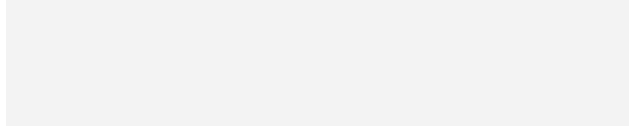

Sponsored

SIZE: It was listed as one inch shorter than what we measured as the inside borders for the crib. However, it fits perfectly as you can see. The height of it as it sits pressed against the crib sides is tall enough to protect babies head without falling inward.

CONSTRUCTION: The material used is soft, slightly stretchy, and the stuffing is able to be compressed. We like the detail about the stuffing because our monkey child is always on the move so pushing her head against it won't hurt her.

I love this product! I bought it when my little girl was 8 months because she kept hitting her head during the night and getting her legs stuck. This has helped so much and I would definitely recommend this!

Super cute, just as expected. Bought one for my daughter a year ago. Now got one for my expecting baby boy. Compliments the colors and brings the crib together.

**Great product, TERRIBLE PACKAGING. Im talking DEAD BUGS PEOPLE.**

Reviewed in the United States on February 13, 2020

Size: 4M/157 Inch for Standard Crib Color: GRAY **Verified Purchase**

I would LIKE to give this a five star. It's a great length and widgets for helping my toddler not fall out of his new bed. It's cute, it's easy to wash, it doesn't seem like a strangulation or suffocation hazard. However the bag it came in was filled with tiny dead bugs !!!!! I was appalled. I looked up the bugs online, nothing harmful, not flies or bed bugs or anything. I washed the brain on heavy/hot twice and then dried it. It didn't shrink. I then kept I quarantined in a plastic bag for a week. We are happily using it now. But seriously. Tiny dead bugs. All over. I get that things happen, but there were like a dozen of them. They didn't seem to be stock to the braid, just loose in the bag, and the bag had several ventilation holes in it. Honestly, if I didn't hate sending things back so much, I would have Returned it and ordered a more expensive one from a different vendor to avoid that.

**Soft and very nice**

Reviewed in the United States on October 19, 2019

I was looking for something different than the regular bumpers for my third child. Knowing the pain that it is to tie down regular bumpers all the time I really wanted something easy to move during all those unexpected accidents and laundry days. This works very nicely. I washed it as soon as I got it and it remained super soft. Looks beautiful on the crib. The only thing would be that (yes I can't believe I'm saying it) a little extra to be able to hold it in place. You can shove it in between the bars of the crib and that's fine but sometimes my baby will grab it to play with, she still can't lift it but will try. All in all a good purchase.

I am absolutely in love! I was hesitant of the size of the braid, but it's perfect! It fits perfect around the crib and adds just the right amount of decoration to pull it all together! I could not be happier!

**Awesome item.**

Love this bumper. I just wish it was a bit wider because my babygirl can still easily bump her head when she is on her knees in the crib. She's very active and likes to also play with the bumper. I do love the quality and softness of the item. I think the price

is ok I guess, I think cribs bumpers are overpriced in general.
