Dear user, due to system restrictions, apps on Android 10 are currently unable to download automatically. Im having problems when logging in. When I enter my username and password and click log in it just puts me back to where it says log in. Basically just a loop. I've uninstalled and installed again but the same problem keeps occuring. Please help.

The app works and despite reviewers saying it doesn't automatically copy the link in Android 10 that's incorrect. I have a 1+ 7 Pro and this app works perfectly. Reason for 4 stars is the amount of ads but I know they got to support themselves. I can live with that 👍
