

## Find bloggers, publishers, and influencers in record time.

With multiple prospecting profiles and intuitive keyword search, Pitchbox allows you to find influencers in your niche in a matter of seconds. Integration with top SEO providers, such as Moz, Majestic, SEMRush, Ahrefs, and LRT ensure that you only pull back the most authoritative publishers.

"Unlike many outreach platforms that are clunky and confusing, Pitchbox is a breeze to use."

- Brian Dean, @Backlinko

## Customizable, personalized outreach and follow up.

Save hundreds of hours each month while being in total control of your messaging. Customize each outreach email to your target opportunities, without manual input, and automatically follow up with prospects who haven't responded, boosting response rates ~62% on average.

"Pitchbox is a beast of a machine! The automated follow ups work better than anything I've ever seen."

- Bill Sebald, Greenlane

## Make data-driven decisions

Track each step of the outreach process, from broad strategy down to campaign and user specifics. Using Pitchbox's white-labeled Management, Client, and Team reports, managers and team members alike can refine their outreach strategy to optimize efficiency and maximize results.

"If you do outreach and haven't checked out Pitchbox, you're doing yourself a disservice. Smart product."

- Eppie Vojt, Red Ventures

"If you're serious about personalization, automation and performance tracking of your outreach team, then look no further – Pitchbox finally answers all of your burning questions for software that helps you nurture your prospects, be it for PR, link building or toxic link removal."

**Christoph Cemper**  
Founder, Link Research Tools

"Pitchbox is THE answer to scaling your outreach efforts. It handles all aspects from the prospecting to the emailing to the tracking and managing the workflow. I highly recommend it to anyone who's serious about building links and their online reputation."
