Use daily for commercial home cleaning and entry into homes for maintenance. These are great for reuse and savings.

Very useful

Reviewed in the United States on February 16, 2019

I use these to cover my dirty shoes when I come in from doing yardwork. Used to have to take shoes off before going inside now I just slip on the shoe covers. The last time I had a service man work inside my home I gave him a pair to wear. I don't think he liked that but his shoes were muddy and I'd just cleaned my floor. I love these shoe covers.

Will tear after one use but it's ok they serve their purpose

Reviewed in the United States on December 9, 2018

They serve their purpose. Cheaper than fabric and we like to use both kinds. I was the fabric ones to get a second use but not all the fabric ones make it and they tear just as easy as the plastic so why not just spend less?

Reviewed in the United States on November 24, 2018

Good to have if you go to other people's homes to fix something and don't want to take off your shoes. It's a must have for handymen's.
