【Permanent & Painless Hair Removal】 Dream's hair removal device puts hair follicles to sleep and breaks the cycle of hair regrowth. Permanently remove undesired hair growth without stubble, ingrown hairs, redness or other irritation. It is furthermore the most revolutionary method of hair removal at home and is already regarded as the gold standard. Infinitely smooth skin, without any pain or irritation, is finally at your fingertips!

【No Disposables Required】 Dream Laser hair removal apparatus is capable of emitting 999,999 light pulses, is the peak value ever. This tremendous number of pulses will enable you to remove undesired hair growth effortlessly. And since the Infinity is capable of emitting so many light pulses, there is no need for refill cartridges, saving you additional money.

【Tailored & Safe】 5 Level of Energy, 2 Mode Flash. Dream was tested for safety, effectiveness, and has been clinically proven. Cutting edge skin tone sensor which continuously scans the skin tone and automatically adjusts the light intensity. Manual mode is - small area hair removal, such as bikini lines, underarms, fingers, lips; Automatic mode - large epilating areas such as arms, legs, abdomen and back. The ideal amount of light is delivered with every pulse for safe and effective use.

【NO MORE TRIPS TO THE SALON】 Dream has adapted the technology for safe use in the comfort of your own home. Compared to the costs of salon hair removal methods, it doesn't take long to see the financial benefit of this at-home IPL device.
