Product description

Let's face it, most nail clippers are not very good. They are either made of stainless steel sheets that are easy to bend and difficult to use, or they are made of cheap carbon steel, which quickly blunt and eventually rust.

Our unique handle design makes your finger cradle easier to control and provides a more confident clip.

Precise tailoring:

Hand sharpening, stainless steel blade cutting smooth, easy to remove the need for file, prevent nail cracking, ingrown toenails and fungal infection.

Easy to use:

Strengthen and forge the scissor handle to create more force and leverage, which means you have to work less even with thick nails.
