Product description

Adjustable Sizes

Our inline skates are available in different sizes, each size with a button to adjust the length. By pressing size button, you can easily adjust the size. Please check the size again with our size chart before ordering.

Stable and Safe

- The buckle, strap and lace closure system will help fasten the feet properly into the skate.
- The laces work well with the reinforced uppers to create an additional wrapping effect when the skates are properly laced.
- For beginners, especially kids, a lower center of gravity, Stable and Safe is the most important.

At the Same Time We Friendly Reminder

For your safety, always remember to wear a helmet, wrist guard, elbow and knee pad. Before starting, wiggle each wheel to check axle tightness. And check the screws/bolts that secure the wheels to make sure they are tight. Do not skate on wet, oily or uneven surfaces. When not in use, store it in a dry place away from direct sunlight.

Sincere Service

We truly care about your customer experience and, your product experience. We are 100% dedicated to your complete satisfaction.

Of course, if you have any questions, you can contact us at any time. We will solve them for you as soon as possible.
