It's worth it!

I totally love it! As a person that experiences issues with my hands, I find that this product helps me to grip the steering wheel with ease. I enjoy the smooth feel of it and the ridges on the side design it a sleek look while providing extra support while turning the wheel. I highly recommend it

1998 Subaru Forester

Low quality. It would be nice if it's genuine leather. Secondly, I believe it is made in China. JUNK!
