Description Reviews

Capacity 13lbs/3.5 cu. ft. Regular 3 prongs 120V outlet, plug anywhere you like
Lightweight for easy portability to carry around
Stainless Steel Drum. Transparent lid
Since it's 110V, 1500W, it may take longer time to dry to dry the clothes when compared to the regular dryer which is 220V
It comes out warm air, it's fine if leaving in the room in winter. It's ideal to mount on the wall. Wall mounting kit is included
