#### Birthday gift to my mom

Reviewed in the United States on March 12, 2020

It's a birthday gift to my mom. She began to use it immediately. She loves the light bulb feature and tried to show my how to make a straight line. I don't know how to use it but I am glad my mom is happy with it.

Sturdy machine. I actually returned it cause it's a little to small for a mans hands. But perfect for a young person or a female or Male with smaller hands. Made it difficult to set up with big guy hands. But really a good piece of gear
