we bought this ben wa balls for play in bed a bit,it's quite handy,easy to use,it has only one bottom,not much science on it, work well and the control is slightly big but you need that size. Easy to clean too,we at home are happy with the results...

"This kegel balls for women is very effective for its intended uses. It's very well made, and comes in a cute box. It charges quickly. The controller is foolproof, having only a single button. It has multiple modes and will semi randomly change them up to keep the work from become monotonous. It can be used under clothes easily, and it works! Highly recommended!"

After having my son I bought a set of pelvic floor exercise cones from Boots in the hope of avoiding problems.I have tried using them again occasionally over the last two years but find it impossible to hold on even the lightest setting for more than 5 minutes.I was therefore pleased to find that I can retain the lightest of these Kegel weights for much longer,an hour in fact.I found it easy to insert. It feels more natural than the hard plastic of my old one,it has a softer, rubbery,feel. I strongly recommend daily use of this product,building up the time you can retain it for comfortably,then move to the heavier weights and repeat.

My other half has been using these ben wa balls for a week to improve her pelvic floor.Strengthen the muscles of the pelvis,bring them into tone.She has been following the exercises prescribed and

using this to aid in her recovery. The controller is very good.Works better than her other branded items. Easy to clean with the appropriate cleaner. She is happy with it, and she feels improvements whilst using it. Elastic trained muscles of the small pelvis are a benefit and fun not only for a woman,but also for her partner!!!

★★★★★ **Great for beginners!**

Reviewed in the United States on October 11, 2019

**Verified Purchase**

I bought this product to help have a better experience behind closed doors. It comes with a small tube of water based lube and a cute purple silk pouch. Its pretty self explanatory and I find it so cool how you can adjust the weight to your own comfort level. It is fairly easy to insert and remove. Highly recommend for beginners. I did include pictures of the whole set and also included a tube of liquid lipstick as a scale mode!

An excellent product for strengthening your pelvic floor.There are four weights to use,15g,25g,35g and 50g, and common sense tells you to start with the lightest and to use a lubricant.Your body automatically holds onto the weight so it can't slip out and as you are conscious of the weight being in place it reminds you to tighten your muscles,I've been using mine whilst doing the housework!I've moved up to the middle weight after only a couple of days and I can already feel a difference.Excellent.
