★★★★☆ **Its a sex toy. Not for people who actually want help with kegels**

Reviewed in the United States on May 13, 2020

Color: Pink | **Verified Purchase**

The other reviews for this product are fake. This product is a sex toy. Now, imagine my disappointment-If I wanted a vibrator, I would have bought one. If you legitimately need help with holding your bladder, or kegels- this is not your product. ALSO, there are reviews from men (mark and others- just look at the reviews). So unless Mark and all the other men have vaginas to try this product with- Im willing to bet that those reviews are FAKE.

This is great, the girlfriend used these and i had the remote, we went to a club and as i was at the bar i operated the device with the remote, she was sat on a bench with others and everyone was looking around when i got back she told me the vibration was noticed by others on the bench.. Great fun and vibration. Easy to clean and charge and lasted all night turning on every now and then.

★★★★★ A must buy!

We use this for foreplay. It helps get her ready while she's downtown! (If you know what I mean ;)) my wife absolutely loves this product and when compared to similar products that are three times the price, it is a bargain. We highly recommend this product. She has noticed a huge difference in sensitivity and tightness since the birth of our baby while using this.

After having 2 sons,i discovered that I'm not capable to keep up with my express cardio class,specially if it involves jumping jacks or any that sort of exercises...i have to wear a pad...devastating for me...so with a little bit of research,i decided to give this ben wa ball.It turns out to make all situation with peeing myself a bit better and i mean i only used them for little over a week...
Kegel exercise ball for women is very simple to insert and remove,it is waterproof and comes with the remote and instructions.It's also got different settings.
Overall very useful thing and highly recommend!

★★★★★ Help me to contril myself and NO MORE pantliners!

Reviewed in the United States on February 28, 2020

Color: Pink | **Verified Purchase**

After 3 children and a failed bladder tack, I've been experiencing slight incontinence for many years now. I came across these and decided to give them a try.This ball is very soft and comfortable,the material of this kegel ball is totally safe and it really helped me to improve my Hip control.Overall this is an excellent product and definitely not a waste of money! No more having to rush to the bathroom after a unexpected sneeze and I no longer have to wear those awful pantliners!

★★★★★ This is an awesome product and a fun way to surprise each other

Reviewed in the United States on July 4, 2020

Bought it for my girlfriend and she LOVES it. It works as advertised.
The remote control has a short range so forget about being adventurous when you're yards away. The remote has only one button so if you like the vibration #15 that meens that you (and her) will have to go through all other 14 vibrations.
Still no complaints.
