Class: 10

Statement:

(2) Disposable sanitary masks for protection against viral infection; Reusable sanitary masks for protection against viral infection; Fashion masks being sanitary masks for protection against viral infection.

Class: 25

Statement:

(3) The "Smile Mask" is a personal barrier made of plastic worn on wearers chin, fastened around the ears with fabric elastics, it extends upwards with transparent plastic to shield the mouth and nose. The purpose is to prevent droplet transfer when the wearer breaths, talks, coughs or sneezes onto surfaces in the surrounding area. It is referred to as the "Smile Mask" because the transparent plastic barrier allows the users facial features to be seen.
