The Agrilus Botanics Honey Infused Deep Cleansing Shampoo is pH balanced and carefully crafted to deliver a formulation that deeply cleanses and remove buildup and impurities such as hard water minerals, chlorine, and styling product residue from the hair strands. This shampoo provides a deep, squeaky clean without stripping moisture or color from the strands. Our unique herbal and botanical formulation effectively works to wash away excess oils while stimulating the scalp and hair follicles. Formulated with high quality organic herbs and botanicals, this shampoo formulation is excellent for all hair types, especially hair that is oily, has product buildup or is frequently exposed to hard water.
