Description Reviews (0)

- TARGETED COMPRESSION TO ALLEVIATE PAIN: The stretchable fabric and adjustable strap specifically target the area affected by tennis elbow, golfer's elbow, arthritis, tendonitis, hyperextension and other common injuries related to inflammation of the tendons.
- PREMIUM QUALITY MATERIAL: The specially designed knit compression material is light-weight, comfortable, and breathable. It features a unique material composition which wicks away moisture and helps to increase

blood circulation.

- **EXTRA WIDE ADJUSTABLE STRAP:** Reinforced durable strap provides additional support and a fit tailored to your shape. The strap also controls movement of the affected area and prevents the sleeve from slipping.
- **ULTIMATE PROTECTION WITHOUT SACRIFICING COMFORT:** Our sleeve remains breathable and comfortable to wear throughout the day while maintaining enough compression to stimulate blood flow and alleviate pain.
- **SIZING OPTIONS:** Available in sizes S, M, L, XL and XXL for a secure fit. Please refer to our size chart shown in the pictures in order to determine accurate sizing!
