★★★★★ Perfect!

Reviewed in the United States on February 8, 2020

Size: 32.8ft 100 LEDs | Color: Warm White | [Verified Purchase](#)

I ordered these lights to go on an indoor tree. They have a nice, soft, yellow-ish glow, and look very pretty. The wire is clear, so it doesn't really show, especially in a darkened room. The plug is very sturdy, and has an extended non-lit chord, so that you aren't stringing lights from your tree to the wall outlet. This is a very nice product; well worth the cost.

★★★★★ bright lights work better than expected

I did not get a remote with mine so I did not rate the remote. I got two set and when I got them and saw how bright they were I put one set around the large nativity set mixed in with trees to light up the total nativity. The second set I put below a thin material to light up the second nativity scene that had trees with lights in them.

★★★★★ **Best costumer service ever!**

Never experienced such good costumer service!  
When I received the order all was in very good quality. Especially for the price. The lights are very bright (even tho they are tiny) and the string is relatively strong for those types of lights.  
Everything was working wonderful until one day that it just stopped. I realized there's a problem with the connection to the transformer so I contacted costumer service and they immediately sent me a new package and also followed up to see that all is well.  
Highly recommended! My rooftop looks amazing now!!

Really nice, except for one thing...there's no plug at the other end, so I can't plug in my Angel! I'd have to buy a separate extension cord to run up to the Angel on the top of my tree. Love the different light settings for the lights!

★★★★☆ **Great Quality/ Multiple modes**

Reviewed in the United States on May 19, 2020  
Size: 32.8ft 100 LEDs | Color: Warm White | [Verified Purchase](#)

Pros:  
-Quality of the LEDs and wire is good. Doesn't feel cheap like some others.  
-Multiple modes: flashing, alternate flashing, dimming etc

Cons:  
-The plug is too huge. The plug could have been regular small plug and the controller could have been somewhere along the wire.

-No complete off mode: I was expecting a complete off mode since they had 7 other modes. For switching it off, I need to unplug it every time or turn of the main switch.

Gorgeous lights. I have them indoors as accent lighting. Love them. So beautiful and relaxing to have them on in the evening while I relax and let go of the day.

★★★★★ **Nice subtle twinkle**

Reviewed in the United States on December 6, 2019  
Size: 32.8ft 100 LEDs | Color: Warm White | **Verified Purchase**

Bought 1set of these to use on a 7ft skinny tree. I wrapped them as far into the tree as I could and set them to twinkle. The tree is pre lit with plain lights.- the overall look is great- just a bit of twinkle to be interesting, not enough to cause a headache or be distracting. I am ordering another set to use on fireplace garland
