Product Description

Saola Cannon – Sustainable Vegan Shoes for Men

Looking to make responsible footwear choices, but don't want to compromise on style and comfort? Well, look no further than the fantastic Saola Cannon! With some great aesthetics and incredible foot comfort, this is one of the best shoes out there for men. Whether you are going for a casual stroll in the park or a grocery run, the Saola Cannon is the ideal shoe for you! While its laced feature allows for a personalized and perfect fit, its flexible outsoles greatly improve road traction.

Saola believes in responsible sourcing. It takes into account environmental and social factors while managing its relationship with its suppliers and focuses on minimizing carbon emissions. Therefore, the Saola Cannon is manufactured using recovered and recycled materials such as recycled PET from plastic bottles, algae foam and natural cork. Hence, these shoes are sustainable. Moreover, this incredible shoe is also vegan as it's manufactured without using any animal products. Saola Cannon can be washed using a machine and its quick-dry feature allows it to dry very quickly. All in all, the Saola Cannon is an exceptional shoe with some amazing features. Hence, it is a must-add to your footwear collection!

- Arch supports provide improved cushioning and prevent the chances of flat feet
- Breathable structure to promote aeration inside the shoe and keep foot odor at bay
- Removable footbeds to accommodate custom orthotics and alleviate painful foot conditions
- Soft uppers that protect your skin from footwear abrasions
- Shock-absorbent feature that offers motion stability and offers your feet protection from serious injuries
- Eco-Friendly footwear that doesn't harm the planet
