★★★★★ Cute story with an even cuter name Reviewed in the United States on September 10, 2020

Verified Purchase

Okay, first off, how cute is the name of this book?! I honestly enjoyed digging into this one with my niece who also loved the book title as well. I thought that the story was adorable but it also had a nice life lesson that even adults can apply (we're all just big kids anyway, right?).

Something else I loved about "Catty Poo" is the subtle rhyme scheme without being too sing-songy. This really livened up the flow of the story and kept us both engaged as well as the vibrant illustration. Once again, I found an amazing little children's book that we both could really enjoy.

★★★★★ Entertaining Quirky book perfect for kids! Reviewed in the United States on September 9, 2020

Verified Purchase

This little book was such a cute little story. My 6yo first grade daughter loved it! It was unpredictable, and that's something I love in a children's book. I also love how it's not too long! My daughter was able to read most of this with little help. Definitely recommend! :)

This book was very intriguing! The illustrations are fun and exciting and they really grab your eye. I'm curious to see how the story will unfold. Will Catty Poo use the Sun-Gun or his suit? Who knows! Definitely going to be using #LittleCattyPoo to talk about this book in the future!
