- Eco-friendly material: This upgraded yoga mat is made of the new high-quality TPE material, which is more eco-friendly and recyclable. It is softer, lighter and more flexible than traditional yoga MATS that use non-green PVC, NBR and EVA materials. TPE materials are absolutely healthy and non-toxic, and will not cause any harm to the environment and human body.
- Professional size and performance: This ultra-dense, roomy performance yoga mat offers unparalleled comfort and cushioning. With a thickness of 6mm - 1/4 inch, the new TPE material offers excellent elasticity while being thin and light, and is guaranteed to last a long time without hardening. The obturator surface prevents moisture and sweat from seeping into the mat (perfect for hot yoga) and does not create any odors.
- Anti-slip and protection: We all know that the anti-slip properties of yoga MATS are crucial to safety. Our yoga mat is designed with a proprietary bottom pattern and an exclusive upgraded double-sided sticky non-slip texture that prevents sliding and provides excellent traction and grip on wood, tile or cement floors. The new TPE material has excellent elasticity and can ensure joint health during long-term use. This will be your best choice for healthy yoga.
- Store and carry: When you're not using it, roll the professional yoga mat so that the top is facing outwards, which takes up less space when practicing with flat edges and corners. At just 32 ounces, the strap is so light that you can easily take it anywhere, and if you want to go to the gym, just grab it and avoid public yoga MATS, which are cleaner and healthier.
- Maintenance and service: you only need to use wet cloth, cold water and mild detergent to clean, flat dry, very simple. Our yoga mat has excellent quality guarantee. If you use it correctly, a yoga mat can accompany you for a lifetime. We accept a full refund within one year, and permanently provide 100% satisfactory after-sales service.
