**DESCRIPTION** **REVIEWS**

\*High definition: 1080P high-definition home camera can form a complete 360° coverage, which can protect your babies, pets, elderly and nanny all day long. Equipped with the best night vision, the dog camera of the image can even magnify the HD 8 times.

\* Two-way audio and noise cancellation: Home monitor speakers use microphone speakers equipped with noise filtering technology to achieve perfect two-way conversations. Even if you are outside, you can easily talk with your family and pets at any time.

\*Motion detection: In the surveillance of home security cameras, your house will be immediately and accurately identified and photos or recordings will be started at the same time.

You can watch the real-time stream remotely via iOS or Android mobile phone, Windows PC. Using the built-in microphone and speaker, you can listen and speak through the surveillance camera.
