Description

DESCRIPTION

Safety and Durability: 5 thickened strong tubes ensure its lasting tension. The ergonomic rubber handle protects the user's hand and prevents the hand from slipping during chest movements.

Lightweight and durable: Light weight, easy to transport and store, easy for those with chest development to exercise anytime and anywhere, such as office, travel, camping and sports.

Upper Body Exerciser: Whether it is in sports group training or at home, it can improve the muscle strength of the chest, arms, shoulders, and back. The overhead pull-down helps widen the upper back.

Leg body exerciser: Leg training that can withstand strong traction and adapt to various strengths, detachable spring steel is used to adjust the force, and it is easy to find the required suitable strength.

RELATED PRODUCTS

The related products section shows three items: a pair of blue pliers, a purple feather-like object, and a colorful abstract shape.
