Minsar is a code-free platform that allows creative professionals to build, distribute, and collaborate on AR & VR experiences directly through their 3D headset, tablet, or smartphone.

Minsar is a cross-platform and fully integrated content management system, that aims to make the creation and distribution of mixed reality experiences accessible to all. Share your experience with the world through a simple link, or keep your link private to share with a select audience! It can be used across multiple sectors such as retail, architecture, urban planning, interior design, culture, tourism, education, corporate training, and more.
