&

The MegaTrak Automated Fuel Management & Accounting System

**Proudly serving
SUN METRO
for over a decade**

**Designed for the
21st Century**

- Sole Source Manufactured and Distributed by MegaTronics International Corp. (MTI)
- CAPTURE the "fuel piece" for any Third Party Software; or use standalone
- 24/7 Personalized, unmanned fueling

MT Hardware: easy to install

- Unique single hose controller for pay-at-the-pump, "like retail"
- Communications: Wi-Fi, Cellular, Wireless Radio, Network, Satellite, Bluetooth
- Monitors alternative fuels and fluids
- Lube reels (1 to 16 reels on one controller)
- Truck mountable
- Spare Units (swappable, interchangeable in minutes)
- Fueling mediums: HID proximity cards, smart keys, MTi-Button fobs, Keypad only
- Automatic HUB, Odom, Hour readings

MT Pro Software: user friendly

- SQL Database for infinite sort and filter
- 99 "preprogrammed" messages to trigger maintenance alerts, or customize your own
- Preventative maintenance included; parts and inventory program available
- Tax Rebates per Federal Guidelines
- No limit to sites, drivers, pumps, fuel types or vehicles
- Generates preventative maintenance work orders and invoices
